Welcome

There's a bit of magic in Yarmouth & Acadian Shores. This is where the land meets the sea. Where English and Acadian cultures coexist. It's quiet and peaceful, yet full of adventure. And where the darkest skies let the stars shine their brightest. It's where the food is fresh and local, and the music is too. It's where everything comes together. It's where the stars align.

We are a shining star in the rugged and wild landscape of Nova Scotia. The five converging lines make up our star. They represent the spirit of the region and where everything comes together perfectly. [Destination Video.](#)
