PJILA'SI BIENVENUE WELCOME

Picture this. A remote land tucked away on the tip of Nova Scotia, surrounded by vast expanses of green and the deep blue sea. It's a charming gem of a place that's definitely off the beaten path. Where Main Street is still, well, the *main* street. And where the folks are friendly, the fish are plentiful, and having a good time is always on the menu. You'll find all of this, and so much more, in Yarmouth & Acadian Shores.

A Light Like No Other

Welcome to **Cape Forchu**, a Light Like No Other. This spectacular “apple core” lighthouse is one of the most photographed lighthouses in Nova Scotia and located just 10 minutes outside the Town of Yarmouth.

The Cape has been welcoming visitors since 1604, when French explorer Samuel de Champlain named the area “Cap Fourchu,” meaning “forked tongue of land.” Towering over the jagged coastline since 1839, the Cape Forchu Light welcomes people to the region and beckons them to shore. With crashing waves and sprawling skies, it’s no wonder Cape Forchu was voted one of the best public spaces in Canada.

When visiting be sure to browse the gift shop located inside the former light keeper’s dwelling. Take a walk along the Leif Erikson Park & Trail and explore the rugged landscape while taking in breathtaking views, stunning sunsets and spectacular stargazing.

Rappie Pie

Rappie pie, or râpure in French, is a well-loved traditional Acadian dish. It's a delicious mix of potatoes and chicken, and it's unique to the region. It's not a pie in the conventional sense, as there is no pastry crust. But it is a popular local dish, and in many households, a tradition for special occasions like birthdays or Christmas.

Inner Oaks Holistic Approach Experiences

"It has been said that the best food in the world comes with an unforgettable memory. Sometimes those memories come from being part of the food harvesting or gathering experience."
– Inner Oaks Owner, Laura Muise

We invite you to engage your senses and be inspired as you stroll around the gardens at **Inner Oaks Nursery**, connecting with our culinary herbs and edible flowers, grown on site. After gathering a few herbs, we go on to the kitchen to combine them with other local ingredients, in season, to create a flavourful thoughtful dish.

The Marble Lady

The Marble Lady, commemorating the life of Margaret Lindsay McNaught Webster, is located at the Town Point Cemetery in Chebogue. At this location, the first English-speaking settlers in Yarmouth County arrived on June 9, 1761. Many of Yarmouth's founding families are buried here, including the Marble Lady. Mrs. Webster died in the mid-1800s, and her husband commissioned the statue to honor her memory. The image was taken from a painting on a matchbox.

The Tobeatic Wilderness Area

With dozens of remote lakes, the "Toby" and the adjacent Kejimikujik National Park and National Historic Site together protect 142,000 hectares of mixed woods, barrens and wetlands. It's the wild soul of the Maritimes and the heart of the **UNESCO Southwest Nova Biosphere Reserve**.

The Tobeatic's interconnected lakes, streams and rivers offer outstanding wilderness canoeing, angling and camping opportunities. This storied region of Nova Scotia is best known for its mainland moose, trout streams and rugged canoe routes through rocky lakes and wild rivers. These routes and portages, first travelled by the Mi'kmaq, supported a world-class "sportman's" guiding tradition through the late 19th and early 20th century. They include much of the "Tent Dwellers" canoe route, made famous by Albert Bigelow Paine's 1908 account of back country guiding and sportfishing adventures in this region. Because the region is remote, a licensed guide is recommended. Visit novascotia.com for more information.

Tusket Island Tours Deep-Sea Fishing Charters

Deep-Sea Fishing Charter

We offer a deep-sea fishing charter from the Wedgeport wharf (where our large tour boat is located) in our 25' centre console vessel that we use to catch cod and haddock. This tour is dependent on the tide, so times vary and the trip usually lasts 4.5 hours.

Cost is \$150 (tax incl.) per person. A 2-person minimum is required. At the end of the day, we fillet the fish for you so you can take it home and enjoy a delicious fish fry!

For an extra fee of \$150, tax included (total, not per person), we can make a stop on Big Tusket Island and clean and cook your catch of haddock, provided that the facilities are available that day.

(For this tour, the cost is per person and you may be joined by another group if you are part of a small party).

During the summer months, Lake Milo is a wonderful location for swimming within the Town of Yarmouth. This free-to-the-public lakefront and park offers canoe and kayak rentals and a Nova Scotia lifeguard supervised swimming area.
